

# Directions to Dan Mennill's Lab Biology Building, University of Windsor

Address: 401 Sunset Ave.

Dan's Office: 519-253-3000 x 4726 The Lab: 519-253-3000 x4725

1. Travel to Windsor on Highway 401
2. Follow the signs to "Bridge to USA" (campus is more or less under the bridge)
3. Highway 401 merges into Highway 3; follow Highway 3 north for 11 km through box store land
4. As you approach the bridge, the highway has three lanes: you want to be in the far right-hand lane (the lane that says "local traffic")
5. Go through the set of traffic lights at College Ave, just before the border crossing, then veer right and stay in the right-hand lane. You will come to a traffic light at Wyandotte St.
6. Turn right onto Wyandotte St. and travel east ~50 meters
7. At the first traffic light, Sunset Ave, turn left. The Visitor parking booth is on your left.
8. Park (\$8) then walk to Biology ~100m to NNW; my lab is on the first floor, near all the bird photos.
