

SPONSORSHIP

Want to get valuable exposure of your product to industry, government and academic CFD researchers? There are several ways to get involved in CFD2017.

The table below identifies the various sponsorship levels. Call or email us today to discuss available opportunities and how best we can meet your needs.

Are you a CFD software vendor? Want to display your product and engage in discussions with researchers and end-users about future needs for software products? Give us a call!
